### Principal's message

**C**orona Pandemic with its swift & sudden upheavals, has not only distorted our agendas and lifestyles affecting all of us quite badly, but it has also accelerated existential issues like isolation, loneliness, peace of mind and contentment. Its consequences are being experienced by our families, communities and also by our educational system. However, the importance of education remains constant & consistent. We have to take life ahead with all our normal activities according to the new normal.

The entire campus remains static without the active charisma of students. I applaud my staff and students who used various mediums to express their ideas and kindled their thoughts. I feel proud to state that we truly have an incredible & implausible college with excellent resources and exceptional buildings.

The mission statement of the college serves as a road map for the realization of its vision to provide good quality modern education embarked on strong cultural values & environment awareness. Our prestigious college has played a crucial & critical role for the education, empowerment, and self-sufficiency of students by teaching and enlightening women to understand and reshuffle the world into a better one.

Cradled in the lap of nature on the one hand and archeological edifice on the other, swaying from stern thoughts to cheerful initiatives, the female students at Govt. College for Women NawaKadal are filled with a keenness for empowering themselves with proficiency and a vision. Our vision is to impart all-round know-how to our budding youth together with initiative, creativity, awareness and emancipation making them superb citizens with exceptional character. We aspire to find them touching new heights and cherish to see them undergoing success in all their endeavours.

I appreciate every student who despite constant strides participated in co-curricular and extracurricular activities along with their commitment to curriculum.

The mind is not a vessel to be filled, but a fire to be kindled.  
Let noble thoughts come to us from every side.  
Happy Reading! May Almighty Allah bless us all.

- The NSS wing and Department of Physical Education made a special campaign to encourage people to take up fitness activities such as running and sports in their daily lives and to get freedom from obesity as many people of India got obesity due to Covid-19 as most of the activities were restricted to home only. Besides obesity, laziness, stress, anxiety diseases etc are common problems in India. Through this campaign common people along with students were motivated to conduct physical activities for at least one hour daily like exercises, run, jogging, yoga, outdoor games, indoor games etc. Volunteers also raise slogans and displayed sign boards as “Fitness Ka Dose Ek Ghanta Roz”. The key activities under this programme include pledge by volunteers, rendering a national anthem, freedom run, cultural activities in the college, awareness among the youth volunteers to participate and organize similar events at village level also. Fit India Freedom Run was also launched on the concept of virtual run i.e; it can be run anywhere anytime, you run a route of your choice at the time that suits you. Basically you run your own race at your own pace. In the event, professors of the college, NSS officers, Physical Training Instructor, NSS Volunteers, NCC Students participated to grace the event. To make the campaign people driven, efforts are being made by NSS students to encourage school going children, uneducated youth friends, family members and senior citizens etc. to participate in the event to make India a fit country.
